

Sprint 4 Report

Heading:

Product Name: PhotoOp

Team Name: CIDL

Date: 12/1/19

Actions to stop doing:

- Stop trying to add additional functionality that complicates our progress towards the MVP
- Stop staying stuck on the same problem for too long without assessing its significance towards the MVP/reaching out for help

Actions to start doing:

- Schedule even more meetings going forward as our schedules open up
- Stay updated with each member's progress
- Send frequent updates on task progress to the rest of the team

Actions to keep doing:

- Keep having collaborative work sessions (hackathons)
- Keep reaching out to TAs outside of designated meetings and scheduling additional followup meeting sessions

Work completed/not completed:

- Completed
 - User story 1: As a user, I need to be able to enter the desired location from which I would like to see recommendations so I can see which locations are closest to that location.
 - User story 2: As a user, I need to see a picture and the address of the recommended location I am interested in when I click on it.
 - User story 3: As a user, I need to be able to save a photo location to my favorites list so I can remember which recommended location I liked.
 - User story 4: As a user, I want to be able to filter my recommended locations by type so I can narrow down my search to find the type of location I am looking for.
